VIGIL EasyView

3xLOGIC VIGIL™ Series Solutions

Currently the Security Guard carries critical multi-tasking position when a simple-to-use yet efficient Video Monitoring Solution is a must.

EasyView is a CCTV Monitoring solution specially developed for the Security Guard that addresses the specific Guard challenges. It has proven itself as a cost effective and easy to use way of monitoring cameras on site.

It includes the latest technology to provide the Security Guard, either in the front gate or at the control room, with continuous video monitoring capabilities by utilizing touch screen technology.

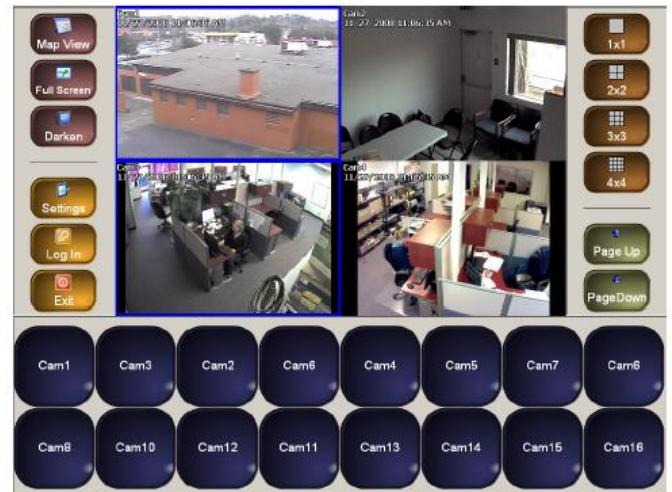

A portable version enables the Guard to be alerted to all site cameras and alarms while doing his regular patrols. It includes built in site maps that eliminates the need to remember camera position and its field of view.

Benefits & Features

- ◆ Simultaneously view live video from multiple sites.
- ◆ Displays 1, 4, 9 and 16 split video screens.
- ◆ Compatible with all VIGIL brand NVRs
- ◆ Rapid video retrieval based on time or date.
- ◆ Built-in Mapping capabilities to present the site layout including the exact camera location and field of view. Just click on camera icon for live or playback.
- ◆ Instant access to 32 cameras.
- ◆ Full PTZ control.
